

ARE JEWS REALLY KHAZARS?

Russia was The Start of Jewish World Domination

The original Jews were Sephardics, out of the Middle East, who went to Spain and Portugal as members of the Islamic empire when the Moors occupied the Iberian Peninsula.

However, almost all Jews today are not descendants of the Sephardics, but originate from a band of ruthless Mongolian tribes called the Khazars. The Sephardics, in search of army for their revolution, chose the Khazars. The Khazars were converted to Judaism, and today they make up 95% of the world's Jewish population.

Military geniuses, such as Kublai Khan, Genghis Khan, and Attila the Hun, always hired Khazars as mercenaries. At the peak of Russia's empire she kept the Khazars confined to the 'Pale of the Settlement' (Ukraine).

The Sephardics used the Eastern European Khazars as a starting point for their plans of world domination. Their first move towards that goal was to take control of Russia by overthrowing the Czar, out of the Middle East, who went to Spain and Portugal as members of the Islamic empire when the Moors occupied the Iberian Peninsula. For more than a century, religious Zionists have claimed modern Jews are entitled to Palestine because they are legitimate descendants of Abraham. Devout Christians and Jews both believe the legitimacy of Israel depends on a relatively pure Jewish race.

That's why Jewish novelist Arthur Koestler's 1976 book, *The Thirteenth Tribe*, was a political and theological bombshell. Koestler reveals how the central Eurasian nation of Khazaria converted to Judaism in 740 AD. About a million Hunnish/Turkish warriors and traders became at least as devout as actual (Sephardic/Oriental) Jews today, whose genetic lines trace back to Abraham. The Khazars soon convinced themselves they were authentic Jews. Today, Koestler asserts, most "Jews" worldwide primarily descend from these ancient Turks, not Abraham!

What does this mean for millions of American Christians eager to bless the children of Abraham? Has this Khazar corruption of Jewish blood also corrupted God's plan for the ultimate redemption of a repentant Jewish remnant?

In this special report, I conclude that the Khazar merger is a fact of history but that it didn't destroy God's plan for the Jews at all. Far from it! The conversion of a million Asiatic Gentiles actually helps *fulfill* Bible prophecy.

A Jewish Geneticist Doubts His Jewishness

Dr. Eran Elhaik is a world-class geneticist at Johns Hopkins Medical Center. His research into Jewish origins has produced an earth-shaking thesis. He solidly agrees with Koestler that the majority of Jews today can claim no ancestry to Abraham. They're primarily descendants of the Khazars. Not since Koestler in 1976 has an academic so successfully challenged accepted "facts" about the beginnings of modern Eastern European ("Ashkenazi") Jewry.

[In an interview with Ha'aretz last December](#) Elhaik says his genetic research reveals decisively that "Central European Jews (primarily Polish) are 38% Khazar while Eastern European Jews (primarily Russian) are 30% Khazar." Yet he says other genetic components

include those of Middle Eastern origin whose source is probably Mesopotamian, although it is possible part of that component could be attributed to Israeli Jews. (This could include authentic Jews who were transported to Babylon in the sixth century B.C. by Nebuchadnezzar and flourished there for 1600 years [1]). Such genetic influence, however, is not strong enough, says Elhaik, to suggest a Mideast or Israeli origin of Ashkenazim Jews. But he says there is very strong genetic evidence linking the Jews of Iran, the Caucasus, Azerbaijan, and Georgia with the European Jews, i.e., those people whose ancestors are Khazars. Elhaik rejects the “Rheinland” hypothesis that Jews from Germany and the West migrated into Poland and Eastern Europe around the 15th century A.D., creating in only five centuries a European Ashkenazi population of about 11 million. He says Khazar Ashkenazim of the East bear no genetic similarity to Sephardim of the West who were supposed to have largely helped sire them.

...among the various groups of European and non-European Jews, there are no blood or family connections. The various groups of Jews in the world today do not share a common genetic origin. We are talking here about groups which are very heterogeneous and which are connected solely by religion.

He says, “The genome of European Jews is a mosaic of ancient people and its origin is largely Khazar.” Elhaik upholds the rigid separation between relatively authentic Sephardic Jews of the West and the Khazar Ashkenazim of the East [2]. This is a distinction first emphasized by Koestler and restated in my widely distributed book *Israel: Our Duty, Our Dilemma* and video *The Other Israel* in the mid-1980s (available for \$24.90 each postpaid at the Truthtellers.org Store).

Marrs’ Book Says “Jews are Khazars”

Elhaik’s work inspired my friend and Christian anti-Zionist leader [Texe Marrs to write a new book](#), *DNA Science and the Jewish Bloodline*.

Thus today, when you see a “Jew,” what you are actually encountering is a Khazar who practices Judaism. The Khazar has *no* Israelite blood. His ancestors are not the Israelites of the Bible.”

But we should remember that, from at least the time of Solomon, Jews migrated out of Palestine. History records that after the destruction of Jerusalem in 70 A.D., dispersion of racially authentic Jews to both East and West continued for at least 1300 years, well before any possibility of significant intermarriage with Khazars. Descendants of the Jewish Diaspora, though only a minority and with varying degrees of Gentile admixture, still exist, primarily the oriental “Misrahi” Jews of Yemen, Iran, North Africa etc. and Sephardic Jews of Europe and Israel. The Sephardim alone constitute up to 16% of world Jewish population [3] and over half of the religious Jews in Israel today. In Israel, they compose the Shas party in Knesset and are generally Orthodox, anti-Christian and anti-Arab.

Yet Marrs gives the overriding impression that Jews as a whole are Khazars and Elhaik proves this. Actually, Elhaik only claims that European Ashkenazim, which comprise 83-85% of world Jewry [4], are predominantly Khazar. The fact that nearly 3 million authentic Jews exist today contradicts the general impression Marrs gives that racially authentic Jews are virtually extinct and that all Jews today are Gentile.

Do the Khazars Destroy Bible Prophecy?

How then does Elhaik’s thesis that most Jews today are Jewish/Khazar hybrids impact the Bible’s oft-repeated prediction that Christ will redeem a repentant remnant of Jews at His Second Coming? It confirms the Bible. Although an eschatological surprise of great magnitude, the Khazar infusion into Judaism does no violence to God’s overall long-term plan for ultimate judgment upon and redemption of a minority of repentant Jews.

As the Hebrews approached the Promised Land 3500 years ago, God warned them that they had a choice: Obey God and be blessed and dwell in the land, or disobey Him and be cursed and exiled. One of many ways God said He will curse a disobedient Jewish nation is by keeping them very small. “Then you shall be left few in number, whereas you were as the stars of heaven for multitude, because you did not obey the Lord your God.” (Deut. 28:62)
Israel did not obey God. She crucified her Lord and spiritual husband, Jesus Christ, screaming, “His blood be upon us and upon our

children!” For their disobedience, the Jews incurred the curse of remaining small in number. This curse remains in effect today. During the Exodus, the Hebrew population was about 2 million [5], swelling to about 5-1/2 million in the time of David, 500 years later. What is the population of Jews descended from the tribe of Judah and Benjamin today? 2,950,000 [6]. Incredibly, after three and a half millennia, authentic Jews number only 950,000 more than when Moses led them out of Egypt! That's a gain of less than 300 new people per year.

Contrast such anemic population growth with the posterity of another descendant of Abraham: Ishmael. The father of the Arab world was the offspring of Abraham's union with Sarah's maid, an Egyptian of Hamitic not Semitic stock. In contrast to the racially authentic yet rebellious descendants of Judah, God said He would magnify the descendants of the half-breed, Ishmael. "...I will multiply thy seed exceedingly that it shall not be numbered for multitude." (Gen 16:10) What's the population of the Arab world today? Between 200 and 300 million [7]! At 250 million, that is an increase of 62,500 per year! Truly, God's promise of blessing and cursing could not be more powerfully fulfilled.

The curse of smallness that clings to racially authentic Jewry today is not a hereditary weakness. Exodus records that when God had "respect" for the Hebrews they enjoyed prolific powers of reproduction. They increased from several hundred to several million 400 years later.

Israel to be Oppressed

God also threatened that "aliens" would perpetually rule Israel if she did not obey. "The alien who is among you shall rise above you higher and higher, but you shall go down lower and lower. He shall lend to you but you shall not lend to him: He shall be the head and you shall be the tail." (Deut. 28:43-44)

In 740 AD (or, as some experts contend, about a century later), Khazar "aliens" invaded Judaism in a bizarre twist of divine judgment. They did not do so territorially but spiritually and genetically. The Khazars appropriated the Talmud and Cabala (Zohar), the promises of Abraham, and even the name "Jew."

Swelling into a world population now estimated at 11.2 million [8], modern Ashkenazim, the primary force behind 20th century Zionism, dominate the government, military, economic, and religious authority of Israel. The 950,000 authentic (Sephardic) Jews in Israel [9], outnumbered 3 to 1, are largely excluded and discriminated against by the Khazar ruling majority, which totals about 3.7 million. Friction smolders between both groups [10].

The Khazars Make Possible Jewish World Control

Thus, we have an enigma within Holy Scripture which is solved by the Khazar infusion: God warns that the Jews will become the smallest of peoples because of their disobedience. Scripture also prophesies rebellious Jews will bring into existence Babylon the Great, Jewish world control, a feat far beyond the abilities of the present Sephardic/Oriental minority. (See ['Babylon the Great' is Israel](#)) Clearly, God decided to allow the very gifted and prolific Khazar proselytes of Poland and Russia to become the most passionate advocates of Judaism, developing Cabala, creating Free Masonry, socialism, and world revolution. They now carry the bulk of the burden of corrupting and destroying civilization so a Jewish new world order under Israel's false messiah, anti-Christ, might be established. The Jewish Bolsheviks who spawned Communism and liberalism were Ashkenazi. (See [Jewish Activists Created Communism](#)) All the Jewish media moguls of Hollywood corrupting America and the world are Ashkenazim (see [Jews Confirm Big Media is Jewish](#)), as are those who control Wall Street and the Federal Reserve, dominate Congress, and circle Obama and the White House. Thus, from Khazar Poland, the Jewish Talmud and Kabbalah's dream of revolution and world control flooded the nations.

But God will be true to His promise, abundantly recorded in Scripture, to chastise apostate Israel, including their Khazar converts. The Antichrist will turn on the great harlot Israel, destroying Zionist world control. He will ruthlessly persecute all Jews, racially pure and otherwise, with the greatest suffering in the history of mankind. A minority of Jews will repent out of the Great Tribulation and turn to Christ at His second coming. God is very specific that at that time the honor of serving Jesus as priests in His millennial kingdom will go not just to authentic descendants of Judah, the Sephardim, but, as He

promises in Ezekiel 47:22, “to the strangers that sojourn among you [the Khazar Ashkenazim], which shall beget children among you: and they shall be unto you as born in the country among the children of Israel; they shall have inheritance with you among the tribes of Israel.”

God is Not Finished with the Jews

Why does Marrs fail to emphasize the existence of nearly 3 million genetically authentic Jews? It's because he wants to remove obligation to Jews as a factor in Christian thinking. As an anti-Zionist and advocate of replacement theology, he views continuing, almost worshipful veneration of Jews and Israel by Christians as the primary reason for ascent of Jewish supremacist power in the world today. He believes that abandonment of any covenant between God and the Jews and instead, giving such covenant blessings to the church, (as he claims Gal. 3 encourages) is the healthiest, most direct way to scale down Zionist influence over evangelicals and the western world. But the existence of Sephardic/Oriental Jews, perfectly fulfilling God's curse of smallness and oppression by the Ashkenazi Khazars, is vitally important. It reminds us that God is not done with the Jews in a racial, national, and covenantal sense. Although God has spiritually engrafted Gentiles who believe in Christ into His spiritual olive tree, the apostle Paul warns Christians not to “boast against the [Jewish] branches,” (Rom. 11:18) saying that everyone who accepts Christ inherits all of God's new covenant blessings and He has utterly abandoned His covenant promises with the Jews as a race – *if they will repent*. Instead, Paul quotes Isaiah 59:20, saying “So all Israel shall be saved: as it is written, there shall come out of Zion the Deliverer and shall turn away ungodliness from Jacob.” (Rom. 11:26) This and hundreds of Old Testament scriptures predict national Jewish repentance at “the day of the Lord” Christ's second coming. Clearly, neither history or genetic admixture has extinct the Jewish race. Neither should displacement theology extinct God's promise to “turn ungodliness from Jacob” as a nation. This is why it so important that Christians, contemplating the dry and whitened bones of Jewish unbelief, not conclude that all hope of a national revival of faith in Jesus among them is impossible. Instead, as God said to the valley of dry bones, “Live!” and they came to life (Ezekiel 37), He has promised to bring life and hope in Jesus to a

nation of repentant Sephardic Jews and their Khazar converts. This will happen when at last the true Messiah of Israel comes in glory and judgment and finishes His great controversy with Zion.

***DNA Unearths Stunning Secret:
JEWS ARE KHAZARS!***

"I know the blasphemy of them which say they

*are Jews, and are not, but are the synagogue
of Satan”*

— *Revelation 2:9*

Once again, God’s Word proves to be correct, and men everywhere are confounded. Many Christians believed that the people who, today, *claim* to be Jews, descendants of Abraham, were exactly what they claimed. They told us they were “the Chosen,” “the Apple of God’s eye.” They insisted that their ancestors, their founding fathers, had been given title to the land of Israel in the Old Covenant made over 5,000 years ago, and many believed them.

They shouldn’t have.

Christians should have read their Bibles and believed what God says. The Apostle Paul warned us there to beware of “*the foolishness of genealogies.*” He told us not to heed “Jewish fables.” He even made it clear that the Old Covenant had been replaced by the *New Covenant*, which was *JesusHimself*. He stated that, “Here we have no continuing City,” that it was the *heavenly Jerusalem* to which the prophets and saints were looking toward. Yes, that was the *Promise* God made to Abraham and to us, His Children, the Saints.

God Identifies Those Blasphemers Who Are the Synagogue of Satan

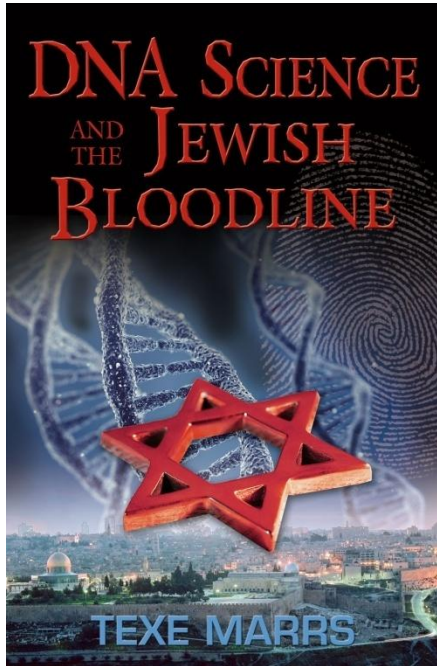

As for those who claim to be “Jews,” who insist that they and their race alone are “God’s Chosen” and have the Promise, Jesus did not mince words. He said, twice in *Revelation*, that these were not His people. They are liars, “blasphemers,” said our Lord and Saviour:

*“I know the blasphemy of them which say they
are Jews, and are not, but are the synagogue of
Satan.” (Revelation 2:9)*

*“Behold, I will make them of the synagogue of
Satan, which say they are Jews, and are not, but
do lie; behold, I will make them to come and
worship before thy feet, and to know that I have
loved thee.” (Revelation 3:9)*

Do you, dear Saints, believe what Jesus Christ said? Do you believe the Word of God? Do you have the Promise given only to those of Faith? Are ye of Christ? Then, says the Scripture, regardless of your race, are ye “Abraham’s Seed and heirs according to the Promise” (*Galatians 4:28-29*).

This is the indisputable Word of God, and now science—DNA Science—has confirmed its amazing truth. DNA Science, the mathematics of God, has confirmed that Jesus was absolutely telling us the truth: “...them which say they are Jews” are not Jews but are the Synagogue of Satan.

Texe Marrs releases his newest bombshell: [DNA Science and the Jewish Bloodline](#), now available through [Power of Prophecy](#).

This fact—that modern DNA science proves the Word of God correct—is the subject of my startling new book, [DNA Science and the Jewish Bloodline](#). This is a book you must have. It proves absolutely that the people who identify themselves today as “Jews” are not Jews—they are the Synagogue of Satan, just as the Bible says!

DNA Research Brings the Truth

The undeniable evidence of this has become clear with the advent of DNA research. In 2001, Dr. Ariella Oppenheim and her team at Tel Aviv University released their study which found that the “Jews” were mainly Khazars, from Khazaria, a Caucasus country which is now called Kazakhstan, Georgia, and other names. The Khazarians converted from pagan religions to talmudic Judaism after the 8th century, but of course, racially they remain Khazars.

The Khazars were and are a genome that is mainly Turkish and Mongolian blood.

Thus today, when you see a “Jew,” what you are actually encountering is a Khazar who practices Judaism. The Khazar has *no* Israelite blood. His ancestors are not the Israelites of the Bible. They did not worship the God, Jehovah, but instead literally were a phallic cult. They worshipped Satan by means of the male penis idol. The Khazars were never in the land of Israel. They are

not the seed of Abraham. They have no promise from God. Now we know this as absolute scientific fact.

In late 2012, yet another Israeli-born scientist, Dr. Eran Elhaik, of the McKusick-Nathans Institute of Genetic Science, Johns Hopkins Medical University, published his research in *The Journal of Biology and Evolution*. Considered by geneticists worldwide as the “definitive study” and peer-approved, this authoritative research confirmed Dr. Oppenheim’s earlier findings and went even further.

“There are no blood or family connections among the Jews,” reported Dr. Elhaik. “The various groups of Jews in the world today do not share a common genetic origin. Their genome is largely Khazar.”

“Whatever Israelite blood the Khazar Jews have,” added Dr. Elhaik, “is miniscule.”

Like Dr. Oppenheim, Elhaik’s research connected today’s Jews to the Turkic clans of Khazaria, in the Russian Caucasus.

The facts are: Israel and America are populated by people saying they are Jews who are not Jews! They are Khazarian. When Israeli Prime Minister Benjamin Netanyahu claims, “God gave this land to our Israelite forefathers,” he is not telling the truth. When today’s Khazar Jews say they possess the land of Israel as a divine right, they are sadly mistaken.

[Dr. Eran Elhaik](#)

Indeed, Elhaik and Oppenheim found that the Palestinian people may have more Israelite blood coursing through their veins than do the people who say they are Jews! A DNA test would no doubt confirm this eye-popping fact.

Jesus Christ is the Authority

The Christian evangelicals have been duped. If only they had read and believed Jesus Christ—He told them what to look for in *Revelation* 2:9 and 3:9. He said that those who claim to be Jews are not Jews but are “blasphemers” and the “Synagogue of Satan.”

The Khazars are not Jews, but they do practice Judaism. Like the Jews, their Babylonian Talmud and Kabbalah are satanic books which they insist are greater than the Torah and the Holy Bible. These heinous texts brand Jesus a magician, liar, and a bastard burning in hell today. These texts admonish Jews to “*kill the best of the Christians*” who, it is claimed, are idolaters.

Khazar Jews in 1876. DNA studies show that today's Jews are descendents of the Khazars.

Is this not “blasphemy?” Does this not prove the Bible is telling you and me the absolute Truth? The Khazars despise and persecute Christians. They are, indeed, the Synagogue of Satan.

My New Book: DNA Science and the Jewish Bloodline

In my new book, ***DNA Science and the Jewish Bloodline***, I fully examine the Khazars, including the story of how they converted to Judaism, and I provide all the evidence on the DNA studies. In this first ever book, I quote not only Dr. Elhaik and Dr. Oppenheim, but also other famous genetics researchers.

I also introduce the writings and research of top Israeli and Jewish (Khazar) historian, Arthur Koestler, whose book, *The Thirteenth Tribe*, is a classic, and Shlomo Sand, history professor at Tel Aviv University, whose recent scholarly book, *The Invention of the Jewish People*, was a *New York Times* bestseller.

You will even read what Dr. Benjamin Freedman wrote about the Khazars and the Jews back in the 1950s, in his well-known treatise, *Facts are Facts*.

Modern-day Khazars in Israel falsely claim right to the land.

Best of all, ***DNA Science and the Jewish Bloodline***, explores the utter truth of God's Word. What did Jesus and the Apostles have to say about this vital issue?

Paul, for instance, who told us to pay no attention whatsoever to "*foolish genealogies*" but only to the cross of Jesus. Paul cautioned: "For he is not a Jew, which is one outwardly; neither is that circumcision, which is outward in the flesh" (*Romans 2:29*).

Through inspiration of God, Paul wrote an epistle telling us that all, Jew and Gentile, who have faith in Jesus are "Abraham's seed and heirs according to the Promise" (*Galatians 3:26-29*).

That dear friends, is an indisputable fact that the world's greatest mathematicians and scientists cannot deny. It is the answer to every Christian who, reading the pages of ***DNA Science and the Jewish Bloodline***, asks, "If the Khazars are the Jews, are there really any Jews in the world today?"

The Bible says if you belong to Jesus, your race or ethnic origin is of no consequence whatsoever. You are born again. You are a new person in Christ.

We now know the Bible means what it says. *Now everything changes.*
