

DEMOCRATIC SOCIALISM

Social Media a tool of Democratic Socialism

Social Media like Facebook is a tool being used by Russia to influence America's elections, far, far more than that it is attempting to incite revolution and anarchy in our country to destroy our free form of government, the American Constitution.

BERLIN - Germany's Foreign Minister Heiko Maas has criticized Facebook founder Mark Zuckerberg for saying recently that while he finds Holocaust deniers abhorrent, they should still be allowed to post their beliefs on Facebook, while Christian free speech in America is denied.

How Social Media is used to pervert the minds of moral people and undermine our own US Constitution?

WHAT IS COMMUNISM?

What is Communism? Socialism is but a tool of the devil to undermine other nations, governments and to install a dictatorial form of government controlled by the richest few. It is a plot to enslave the world. It is Godless. It would abolish the name of Jesus Christ. Make Christianity a crime. Completely destroys property rights. The body of the woman and the toil of man become the property of the state. It enthrones the Jew. Children become state property. Destroys the white race and promotes mongrelization. It is the politics of hell, the rule of torture, and the tyranny of Satan. Social Media in principle is but a few dictating what the majority can say or cannot say. It too is a tool of Satan in the wrong hands it is Communism in practice.

Hillary Clinton is a Democratic Socialist practicing Karl Mark's philosophy of Communism. Knowingly or unknowingly she is a follower of Stalin, Lenin and Trotsky.

The Communists murdered over 20 million Christians in Russia because of their hatred for Jesus Christ and Christianity and their goal is world domination. The threat is real people, could it happen in America?

Disorders, revolutions, economic convulsions and political upheavals do not happen. They result from planning. Under the surface, unknown to good people, there are constant plots, schemes, tricks, and intrigues. Hidden forces continue their subterranean activities until they reach a boiling point, then an explosion takes place on the surface.

What is behind all the upheaval, marching and protesting in America's streets today? A new Revolution! They're even suggesting another civil war. Yes, our country is under attack, our values distorted and yes the Soviet Union is medaling

in our elections but it is far, far worse than even our politicians can even imagine. Behind the scenes “the powers that be” are attempting to overthrow our Constitutional government by brewing Revolution. If Americans don’t wake up it may be too late. If righteousness is to stand the righteous must stand! Communism is alive and real in America and you would be shocked to know who the financiers are sponsoring it. American’s are equally blind, gullible and too lazy to recognize it.

Liberalism: The first attack on government and any free society emphasizes the matter of "Liberalism" in government. We shall now sum up the principal statements regarding this line of attack which has been launched for the purpose of destroying faith in the governments of the world and undermining all law and order. It will be necessary to make a few random quotations, in order to show the power of the HIDDEN HAND, as it has maneuvered in this direction during recent years.

Nilus quotes the leader of the Elders as saying, "In the times when the peoples looked upon kings on their thrones as on a pure manifestation of the will of God they submitted without a murmur to the despotic power of kings: but from the day when we insinuated into their minds the conception of their own rights they began to regard the occupants of thrones as mere ordinary mortals. The holy unction of the Lord's Anointed has fallen from the heads of kings in the eyes of the people, and when we also robbed them of their faith in God the might of power was flung upon the streets into the place of public proprietorship and was seized by us. The abstraction of freedom has enabled us to persuade the mob in all countries that their government is nothing but the steward of the people who are the owners of the country, and that the steward may be replaced like a worn-out glove. Far back in ancient times we were the first to cry among the masses of the people the words 'Liberty, Equality, Fraternity,' words many times repeated since those days by stupid poll-parrots who from all sides round flew down upon these baits and with them carried away the well-being of the world, true freedom of the individual, formerly so well guarded against the pressure of the mob."

The speaker discoursed at great length upon the subject of "Liberalism," and said that it was the opening wedge which they had used to pry stabilized nations loose at their foundations and had thereby created general unrest and dissatisfaction. He says, "When we introduced into the State organism the poison of Liberalism its whole political complexion underwent a change. States have been seized with a mortal illness, blood-poisoning. All that remains is to await the end of their death agony. Political freedom is an idea but not a fact. This idea one must know how to apply whenever it appears necessary with this bait of an idea to attract the masses of the people to one's party for the purpose of crushing another who is in authority. This task is rendered easier if the opponent has himself been infected with the idea of freedom, so-called Liberalism, and, for the sake of an idea, is willing to yield some of his power. It is precisely here that the triumph of our theory appears the slackened reins of government are immediately, by the law of

life, caught up and gathered together by a new hand, because the blind might of the nation cannot for one single day exist without guidance, and the new authority fits into the place of the old already weakened by Liberalism."

The whole world has now become inoculated with the virus of "Liberalism." The very phrase has become a kind of sacred cow to which all politicians are bowing down in adoration. The HIDDEN HAND has dramatized the principle of "Liberalism" to the point where it has become firmly fixed in the political imagination of the nations. This is borne out in the 1932 Presidential election of the United States, when Franklin D. Roosevelt was swept into office under the slogan of "Liberalism." Being a man who floats along on the mass mind, it was easy to ensnare him into this trap. In his first public statement after his election he said, "We are about to enter upon a new period of Liberalism and of sane reform in the United States, and we shall require unity of purpose, if not of opinion, if we are to achieve permanent and practical results. The United States has become a great nation, and its economic life functions along national lines, where our political life still clings too much to the political machinery of the past. As President of the United States I shall do my utmost, in co-operation with the people and with their chosen representatives, to restore the balance of our economic interests and to simplify and vitalize our political institutions, so that as changes come they may be effected without injury to the proper rights of any individual and without conflict with the spirit of American institutions."

Change and revision of government seems to be uppermost in the mind of Mr. Roosevelt. We question if he even suspects that he may be the victim of a conspiracy carried along on the crest of a wave of so-called "Liberalism" which was started from secret sources for the purpose of creating national unrest.

Assault on Morality: Realizing that no nation can survive a moral collapse, it is explained that the Elders have been determined to promote immorality among the Gentile masses. To do this, all manner of temptations had to be flaunted before the minds of the people, including sexual vice, polluted amusements, filthy literature, the unrestrained use of alcohol, etc. That there has been unloosed upon the nations an avalanche of immoral forces during recent years no thoughtful person will dispute. A prominent English divine said recently, "It is as though the world had been suddenly cursed by millions of sex demons beyond human control. I stand amazed at the breaking down of moral standards and am without an explanation as to the origin of the trouble." Had this noted preacher been familiar with The Protocols he would have had an idea as to the possible cause of the calamity.

We will now examine a few succinct statements by the Elders, "Behold the alcoholised animals, bemused with drink, the right to an immoderate use of which comes along with freedom. It is not for us and ours to walk that road. The peoples of the goyim (non-Jews) are bemused with alcoholic liquors; their youth has grown stupid on classicism and from early immorality, into which it has been inducted by our special agents, by tutors, lackeys, governesses in the houses of

the wealthy, by clerks and others, by our women in the places of dissipation frequented by the goyim. In the number of these last I count also the so-called 'society ladies,' voluntary followers of the others in corruption and luxury. In countries known as progressive and enlightened we have created a senseless, filthy, abominable literature."

Does this account for the tons of vile literature which are released every week on the news-stands of America? Does this account for the constant carnival of immorality sponsored by the motion picture industry which, by the way, is under complete Jewish domination?

The Cause of the Depression Examined: An organized plan provides a rational explanation for the depression which hit the world late in the year 1929. When the full meaning of this amazing disclosure breaks upon one's mind, it is almost stunning. Remember that Nilus prepared these documents in 1905, or twenty-four years before the economic crash of the world. Should a historian take up his pen in the next few years, look back and write about the depression, he could not write more accurately than Nilus wrote in 1905 when looking ahead. The spokesman of the Elders from which we shall now make random quotations emphasized the fact that a small group of Jews controls most of the wealth of the world and that they have it in their power to manipulate forces and pull wires in the back ground, in a way to produce any kind of economic conditions they may wish.

He says, "This hatred will be still further magnified by the effects of an economic crisis, which will stop dealings on the exchanges and bring industry to a standstill. We shall create by all the secret subterranean methods open to us and with the aid of gold, which is all in our hands, a universal economic crisis whereby we shall throw upon the streets whole mobs of workers simultaneously in all the countries of Europe. These mobs will rush delightedly to shed the blood of those whom, in the simplicity of their ignorance, they have envied from their cradles, and whose property they will then be able to loot. 'Ours' they will not touch, because the moment of attack will be known to us and we shall take measures to protect our own."

Notice the threat to "throw upon the streets whole mobs" of unemployed men. As these words are written there are 12,700,000 idle working men in the United States and conditions in Europe and other parts of the world are even worse. The above threat also says that these men will automatically become criminals and will form themselves into "mobs" to "rush delightedly to shed the blood" of their leaders. What a picture of conditions of the world at this moment! What a picture of the Communistic revolutionary spirit as we see it in the world today! These Elders, what heartless wretches that they should have produced such suffering! Intoxicated on the wine of power! But the Bible makes it clear that in the end, their own nation will be thrown into convulsions at the hands of the Messiah-Superman whom they themselves are preparing to welcome. In other words, they are building a machine, a Frankenstein monster that will grind them to powder

during the coming period which Jesus describes as being "the great tribulation."

It will be recalled that there was a state of financial inflation and mad speculation just prior to the depression in 1929. According to the Sixth Protocol this wild business orgy of insane spending was deliberately planned by the Elders. We read, "To complete the ruin of the industry of the goyim we shall bring to the assistance of speculation the luxury which we have developed among the goyim, that greedy demand for luxury which is swallowing up everything. We shall raise the rate of wages which, however, will not bring any advantage to the workers, for at the same time we shall produce a rise in prices of the first necessities of life, alleging that it arises from the decline of agriculture and cattle breeding: we shall further undermine artfully and deeply sources of production, by accustoming the workers to anarchy and to drunkenness and side by side therewith taking all measures to extirpate from the face of the earth all the educated forces of the goyim. In order that true meaning of things may not strike the goyim before the proper time, we shall mask it under an alleged ardent desire to serve the working classes and the great principles of political economy about which our economic theories are carrying on an energetic propaganda. We shall soon begin to establish huge monopolies, reservoirs of colossal riches, upon which even large fortunes of the goyim will depend to such an extent that they will go to the bottom, together with the credit of the States, on the day after the political smash."

Turning now to the Twentieth Protocol, which deals entirely with the financial policy of the HIDDEN HAND, we will quote a few significant statements, "Economic crises have been produced by us for the goyim by no other means than the withdrawal of money from circulation. Huge capitals have stagnated, withdrawing money from States, which were constantly obliged to apply to those same stagnant capitals for loans. These loans burdened the finances of the State with the payments of interest and made them the bond slaves of these capitals. The concentration of industry in the hands of capitalists out of the hands of small masters has drained away all the juices of the peoples and with them also of the States. You are aware that the gold standard has been the ruin of the States which adopted it, for it has not been able to satisfy the demands for money, the more so that we have removed gold from circulation as far as possible. In our hands is the greatest power of our day, gold: in two days we can procure from our store-houses any quantity we may please. Surely there is no need to seek further proof that our rule is predestined by God?"

Schools Have an are Being Corrupted: Realizing the importance of inoculating the minds of the children and young people with the poison of degeneration, we find woven into The Protocols an explanation of Jewish strategy in securing the destruction of the Gentile educational systems. We learn that back in 1905 they were discussing methods for turning all higher institutions of learning into hot-beds of radicalism and breeding places of atheism. A part of the program is to tear God out of the heart of the rising generation. Everybody knows that atheistic philosophies have been taken as the foundation of education

throughout the civilized world. It is also well known that high schools, colleges and universities are honey-combed with godless teachings, jungle evolution, immoral and Communistic ideas.

The following utterance by one of the Elders is indeed illuminating, "Do you suppose for a moment that these statements are empty words: think carefully of the successes we arranged for Darwinism, Marxism, and Nietzscheism. To us Jews at any rate it should be plain to see what a disintegrating importance these directives have had upon the minds of the goyim. Who is going to verify what is taught in the village schools? We have got our hands into the administration of the law, into the conduct of elections, into the press, into liberty of the person, but principally into education and training as being the corner-stones of a free existence. We have fooled, bemused and corrupted the youth of the goyim by rearing them in principles and theories which are known to us to be false although it is by us that they have been inculcated."

Control of the Press: An elaborate and almost fantastic system for dominating the newspapers of the world is presented in The Protocols. The only means for controlling the sources of information and in molding public sentiment on a world wide scale, was to organize and disseminate news through a few avenues. By consolidating and directing the outflow of press information through these channels, it would be possible eventually to gain complete control of the public mind by manipulating things at the top from where news would filter down to the masses. If these source springs could be polluted with propaganda, the entire mind of the world would be influenced. This elaborate system is being presided over by powerful Jews in the various nations it is claimed, for the purpose of gagging the press in the coils of a perfect dictatorship.

A few quotations will suffice to illustrate the plan: "Through the press we have gained the power to influence while remaining ourselves in the shade; thanks to the press we have got the gold in our hands, notwithstanding that we have had to gather it out of oceans of blood and tears. But it has paid us, though we have sacrificed many of our people. Each victim on our side is worth in the sight of God a thousand goyim. We shall deal with the press in the following way: What is the part played by the press today? It serves to excite and inflame those passions which are needed for our purpose or else it serves selfish ends of parties. It is often vapid, unjust, mendacious, and the majority of the public have not the slightest idea what ends the press really serves. We shall saddle and bridle it with a tight curb: we shall do the same also with all productions of the printing press, for where would be the sense of getting rid of the attacks of the press if we remain targets for pamphlets and books? The produce of publicity, which nowadays is a source of heavy expense owing to the necessity of censoring it, will be turned by us into a very lucrative source of income to our State: we shall lay on it a special stamp tax and require deposits of caution money before permitting the establishment of any organ of the press or of printing offices: these will then have to guarantee our government against any kind of attack on the part of the press. For any attempt to attack us, if such still be possible, we shall inflict fines without

mercy. There are such measures as the stamp tax, deposit of caution money and fines secured by these deposits will bring in a huge income to the government. It is true that party organs might not spare money for the sake of publicity, but those we shall shut up at the second attack upon us. No one shall with impunity lay a finger on the aureole of our government infallibility. The pretext for stopping any publication will be the alleged plea that it is agitating the public mind without occasion or justification. I beg you to note that among those making attacks upon us will also be organs established by us, but they will attack exclusively points that we have predetermined to alter. Not a single announcement will reach the public without our control. Even now this is already being attained by us inasmuch as all news items are received by a few agencies, in whose offices they are focused from all parts of the world. These agencies will then be already entirely ours and will give publicity only to what we dictate to them. Even nowadays already, to take only the French press, there are forms which reveal Masonic solidarity in acting on the watch-word; all organs of the press are bound together by professional secrecy; like the augurs of old not one of their numbers will give away the secret of his source of information unless it be resolved to make announcement of them. Not one journalist will venture to betray this secret, for not one of them is ever admitted to practice literature unless his whole past has some disgraceful sore or other. These sores would be immediately revealed. So long as they remain the secret of a few the prestige of the journalist attracts the majority of the country, the mob follow after him with enthusiasm."
