

THE PSEUDO-JEWS AND THE TRUE JEWS

Those of the "Synagogue of Satan" or the naturalized Jews

The distinctions between the true Jews and the Pseudo-Jews are distinguishable. Everyone who claims to be a Jew is not a Jew.

In distinguishing between the pseudo-Jews and the true Jews, we find the origin of a mongrel, serpent-seed pseudo-Jewish race, and some of the religious, political and governmental aspects of a worldwide conspiracy underway by a serpent race of pseudo-Jews to bring about a one world society over which they rule. Some of my readers may feel that I should gloss over the basic aspects of this conspiracy and get down to the present day activities and schemes of the pseudo-Jews. To such impatient readers we want to say that it is our basic purpose in this paper to expose the dangers to our peace, security and freedom posed by the pseudo Jewish Conspiracy in our time; but we believe that most of those who today are striving to awaken our people to the dangers of this Conspiracy are failing in their efforts because they do not make a clear distinction between the true "Jews," or Judahites, and the pseudo-Jews who are masquerading as the "Chosen People" of Israel. By failing to make this distinction clear most of those who attempt to expose the so-called "Jewish Problem" find themselves in classes as begotten anti-Semites and anti-Jewish enemies of the Biblical Judahites.

Now, of course, the charge that those who expose the present day Zionist Jewry are "anti-Semitic" is ridiculous because the overwhelming mass of the present day pseudo-Jews are not Semites at all. The term "Semites" can be applied correctly only to the descendants of Shem, hence all true Jews are Semites, but so are all the descendants of Abraham, Isaac and Jacob-Israel. This means that the so-called "lost sheep of the house of Israel" are also Semites.

Furthermore there are many races and peoples who have more right to be classed as Semites than do the pseudo-Jews. For instance, the present day Arabs, even though they are not true Semites because they have been mongrelized with non-Semitic seed, have just as much claim to being classed as Semites as do the mongrelized pseudo-Jews.

Even those who oppose the present day pseudo-Jews cannot be accused of being "anti-Jewish" strictly speaking, because these pseudo Jews are not real Jews. Jesus, as we have previously pointed out, made a clear distinction in this matter, when He declared, in Rev. 2:9: "I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan;" and in Rev. 3:9 He said those of the "Synagogue of Satan, which say they are Jews, and are not, but do lie." So we see that Jesus positively made a distinction between the true Jews and the pseudo-Jews, and this distinction is clear throughout the Scriptures.

In its true meaning the term "Jew," as a diminutive of "Judah," as we have previously found, can be applied correctly, in a tribal sense, only to the members of the tribe of Judah, and in a national sense, only to the citizens of the southern Kingdom of Judah. Now, since the present day mongrelized pseudo-Jews have little, if any, of the seed of Judah, or the seed of the "Jews," or Judahites, of the southern Kingdom of Judah, in their racial ancestry, it is ridiculous and even blasphemy for the pseudo-Jews to call themselves "Jews." As Jesus said, they "say they are Jews, and are not, but are the synagogue of Satan."

Unfortunately, however, many sincere opponents of pseudo-Jews lay themselves open to the charge of being "anti-Jewish" because they do not realize the Scriptures make a clear and definite distinction between the "good figs" and the "bad or evil figs" elements in the Bible record. Consequently many so-called anti-Jewish propagandists classify the present day Zionists Jews as the lineal descendants of, and the rightful heirs to the heritage of the real "Jews," or Judahites, of the Bible Story. Thus they are often forced into the position of discrediting at least portions of the Bible record. This is indeed a tragic situation which can be corrected only by a clear understanding of the fact that the mongrelized serpent race, today masquerading as Jews, are not true Jews at all either by racial descent or religious faith.

I have previously presented evidence as to the non-Judahite ancestry of present day Jewry, which may be summed "The main part of Jewry never was in Judea, and never came out of Judea." We have also brought out that religious Judaism, as we know it today, is of neither Israelite nor Judahite origin. Harmsworth's "History of the World," sums up the matter thus: "Judaism was not evolved in Judah it was in Babylonia that Judaism

became that which it was, and still is today." From the same source we also quote: "Judaism was developed in Babylon, a closely united religious body in the midst of a great heterogeneous, and as they regarded it, foreign population."

We have gone into this matter at considerable length, and have even repeated some of the facts previously brought out in my other writings, because our readers will never understand the so-called "Jewish Question" if they try to identify present day Zionist Jewry with either the Israelites or the Judahites of the Bible Story. So it is that many who claim to be Jews are really not Jews at all.

Truly this point must be distinguished to spiritually grasp what Jesus was saying "I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan;" and in Rev. 3:9 He said those of the "Synagogue of Satan, which say they are Jews, and are not, but do lie."
