

## THE REAL PURPOSE OF THE UNITED NATIONS:

Anyone in their right mind spiritually who believes the Book knows the real purpose of the UN. But for those who want to know the truth and too lazy to read for themselves. Open up your brain before you are deceived any further or hire an attorney and sue it for non-support.

The answer can be made short and simple. It was formed to destroy the freedom given to our people by the Bill of Rights and hand over the resources of the richest nation on earth to the "have not" nations of the Third World who care very little about helping their own people. They know they will never get America's riches, as long as we remain a sovereign people.

The United Nations is part of a long range strategy to bring about world control by a handful of powerful, wealthy Internationalists, the majority of whom are Jews. There is no reason to beat around the bush on this point, because this truth is obvious to anyone who studies the international situation.

The fact that the creators of the United Nations chose a Soviet secret agent to be their Executive Officer during the formative days at Dumbarton Oaks, should tell any intelligent person a great deal.

The superficial thinker may say: "But he was only one and anyone could have made the same mistake."

This shallow logic is easy to demolish. Since the founding of the U.N. it has become a safe refuge for thousands of communist spies who work quite openly within this country under diplomatic immunity. With the U.N. - Headquarters in New York City, they are in a strategic position to infiltrate and prepare this country for destruction. This they have told us was their plan, reiterated over and over again.

Practical observers know that communist agents in the U.N. manipulated our military into ignominious defeat in both the Korean and Vietnamese Wars.

Here are a number of valid reasons why I believe we should banish this organization from the United States:

1. - They have taken our sons into battle in two no-win wars without the consent of our Congress or our people.
2. - By their clever manipulations, they have drained America's treasury and have involved us in a crippling debt.
3. - They have subordinated our Constitution by chicanery and literal interpretations which have violated the traditions of our nation.
4. - They have used our power, our money and our military apparatus to intimidate and browbeat nations seeking to establish their own sovereignty. (Good examples are Rhodesia and now South Africa.)
5. They have used the power, influence, money and military might of the U.S. to drive millions of Arabs from their rightful possessions in Palestine and have set up an illegal, bandit state known as the Israeli.
6. - By trickery and use of the word "convention," they have organized something which is in no sense a convention, for the purpose of drawing us into International rulings which are detrimental to the welfare of our nation and its people. By this trickery, they are now attempting to pass a resolution known as the Genocide Treaty, which if passed, would subject American citizens to arrest and trial in foreign courts and imprisonment on foreign soil.
7. - They have used the power and influence of the U.N. to justify the mongrelization of our nation and the destruction of the integrity of the White race. This is in itself the "genocide" they say they abhor.
8. - They have placed a foreign beachhead on American soil and we are told that it no longer belongs to us.
9. - They have flooded our shores with spies - communist and Zionist alike, who hate America and everything we stand for and who have told us over and over again that they mean to destroy us.
10. - The U.N. has created a forum for our foes on our own shores, where our enemies can vent their spleen against us, while our government protects them from the anger of justly disturbed Americans. (A good example, during the Vietnam War, communist agitators burned an American flag on the steps of the Capitol Building

in Washington, D.C. without any interference from the police. But when a Polish-American patriot tried to burn a Soviet flag on the steps of the Soviet Embassy a few blocks away, he was arrested and incarcerated.)

11. - Spineless politicians in our Congress, corrupted by International Zionist traitors, have given immunity to this alien horde. They cannot be arrested for violation of American law.

12. - They are re-writing the textbooks of American schools, under the camouflage of the United Nations Educational Organization, UNESCO. They are building a synthetic patriotism in the minds of American school children, not for America, but as one-world citizens. (A good example of this. A few years ago in a Texas school, I saw a First Grade teachers handbook, written by a radical Jewish child psychologist named Paul Brandwein. The first paragraph said in essence: "All children coming to your classes are insane, because of what they have been taught in their homes and churches. It is your task as teachers to correct these erroneous ideas and prepare the way for these children to become the international citizens of the future.")

13. - They have inspired thousands of American school teachers to downgrade patriotism for America and pride in our history.

14. - They have given us a new flag to follow - the spider flag of the U.N. which apes the sickly blue and white of the Zionist flag; The flag of the anti-Christ.

15. - They are bankrupting our nation deliberately, to put our wealth into the pockets of the Internationalists which control them.

"It is essential for us at whatever the cost to deprive them (the non-Jew) of their land. This objective will be best attained by increasing the burdens upon landed property - in loading the land with debts."

Open your eyes and see what is happening to the American farmer and small business men. They are being systematically looted by the bankers and their property for the most part is going into the hands of the alien Jews.

What we see happening today in America would have made the Jewish carpetbaggers of the post-Civil War days look like small potatoes. Today's land grabbing devils (St. John 8:42-47) are the descendants of the same Jews who once before invaded the South in the name of human rights and justice during the Reconstruction Era. Today, these same people are systematically raping the White Christian people of America. Ask yourself how many Jews have gone out of business during these days? They are attempting, under the cloak of Human Rights and Justice to manipulate the American farmer into loss of his land.

Isn't it strange how the American government swarms to the aid of the Jew owned airlines, tobacco companies, railroads and steel industries, but can't find help for the men who keep America alive and feed the world?

16. - They have organized a monetary "booby trap", beyond the understanding of the average American designed specifically to loot our people in the greatest scam in the world's history. Through their so-called World Bank, they have literally looted the wealth of America. They operate in the shadows and exploit the lack of information our people have regarding their criminal operations.

17. - In all the United Nations activities on the shores of Christian America, they have outlawed prayer, chaplains, Scripture and above all, any mention of Jesus Christ in their official sessions. This in a Christian Nation which is their host.

18 - They have invaded America' military and trade secrets and have sought to destroy American industry through cheap slave labor.

These, my American friends, are but a few of the evils the United Nations has brought to our shores. They have exploited the knaves and fools among our legislators to the point where many of them have committed acts of treason against our people, our flag, our Constitution and our traditions.

Who among those of you who read this document dares to defend and justify these acts, to defend this substance of treason? No man or woman who loves God! No man or woman who believes in Jesus Christ! No man or woman who really loves America!!!
