

THE RED BEAST

The Red Beast of Communism is Jewish.

The Jews are masquerading as Israelites. What is behind all the upheaval, marching and protesting in America's streets today? A new Revolution! They're even suggesting another civil war. Yes, our country is under attack, our values distorted and yes the Soviet Union is meddling in our elections but it is far, far worse than even our politicians can even imagine. Behind the scenes "the powers that be" are attempting to overthrow our Constitutional government by brewing Revolution. If Americans don't wake up it may be too late. If righteousness is to stand the righteous must stand! Communism is alive and real in America and Jewish financiers are sponsoring it. American's are equally blind, gullible and too lazy to recognize it. Equally asinine are the frothing of street-corner Reds in the United States who demand the overthrow of the government under the guise of seeking to protect the liberties of the hard working people. Any human being with an atom of common sense can see that the true purpose of the Communist organizers is simply to stir up strife and produce violence, because this is the way they make their living. They are paid by the ring of international despoilers to inflame the passions of those who listen to them. If it was a matter of personal conviction with them they would not be trying to tear down a system of democratic government under which the citizens have enjoyed more liberty, fraternity and equality than any other country in the history of the world. Every American citizen can vote, exercise free speech, free press, accumulate property, expand his mind and heart without interference, and worship God according to the dictates of his own conscience. He has never had a king, tyrant or dictator to rule over him. He enjoys more personal liberty than any other type of citizen has ever enjoyed since governments began to exist on this earth. Yet the country is full of bass voiced, leather-lunged, soap-box orators who are deliberately trying to create class hatred in the name of personal liberty and the mythological "forgotten man". As in the days of the French and Russian Revolutions they are being directed from an occult, Jewish source far above them. Any man, who will live a good life, work hard, develop his mental faculties and take advantage of his opportunities for self advancement, can climb without restraint to the topmost rung of human achievement, under the American system of government.

For instance, the thousands of men coming from the humblest and poorest walks of life, who have fitted themselves for positions of responsibility in the United States Senate, Congress and other positions of local and national government. Instead of demanding the destruction of the American social order as it now exists, it would be more intelligent if agitators were to agitate for the purification of what we already have. Their inconsistency is at once evident. They are inconsistent because they are insincere. Yet this principle behind Communism past and present, has for its main purpose the intensifying of human restlessness as a means of tearing down everything that exists, so by long range advance preparation, the way may be paved for the powers behind the scenes to set up their final system of international government which proposes to reduce all

Gentiles to the same state of slavery that exists in Soviet Russia at the present time. Therefore, we discover that Communism is not a new thing. We have followed it back in a straight line to the year 1776. But even now, we have not traced it to its historic source. As an anti-Christ conspiracy, existing for the purpose of blotting out everything that bears the name of Christianity, its roots reach much deeper into the past than space has permitted us to show in this treatise. No, Communism is not something that is designed to bless and enrich the poor and middle classes! It is not a movement to relieve human suffering. It did not originate with the down-trodden Russian masses. It did not break forth spontaneously years ago. It resulted from centuries of under-cover Jewish Planning. Its final objective is to exhaust the human family in suffering and misery until the whole world can be brought under the heel of the merciless Jewocracy of Moscow which has been aptly called THE RED BEAST.
